

**Monitoring and Reporting Violation
Chemical Sampling
CHEMICAL MONITORING, ROUTINE MAJOR**

The **CITY OF INGLESIDE** water system PWS ID **2050002** has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 22.Q, Subchapter F.

Public water systems are required to collect and submit chemical samples of water provided to their customers, and report the results of those samples to the TCEQ on a regular basis.

We failed to monitor and/or report to **the Texas Commission on Environmental Quality and to all water customers for the City of Ingleside.**

This/These violation(s) occurred in the monitoring period of **January, February, & March 2014 (First Quarter 2014)**

Results of regular monitoring are an indicator of whether or not your drinking water is safe from chemical contamination. We did not complete all monitoring and/or reporting for chemical constituents, and therefore TCEQ cannot be sure of the safety of your drinking water during that time.

We are taking the following actions to address this issue:

The City of Ingleside failed to pay a laboratory invoice to the Texas Department of State Health Services in a timely manner and therefore the results of the testing for the First Quarter 2014 were never reported to the Texas Commission on Environmental Quality.

All testing was completed in a timely manner and with satisfactory results.

The employee(s) responsible for reporting have been retrained in the city's existing procedures regarding required reporting to regulatory authorities. This will ensure that required reporting is done in a timely manner in the future.

If you have any questions regarding the routine chemical monitoring of the City of Ingleside water system, please contact the Director of Public Works at the telephone number listed below.

Please share this information with all people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

If you have questions regarding this matter, you may **contact Donald Paty, Director of Public Works at (361) 776-7409 or DPaty@inglesidetx.gov**
